

ZOOLOGY NEWS LETTER

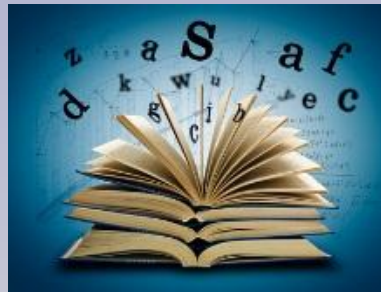

October and November 2016 Volume

01 No. 05 and 06

OUT REACH

The Department of Zoology, as usual, involved in another community service activity in the month of October (21st October 2016 to be précised) by providing a small training programme for the Public Health Inspectors in Medical Entomology. The programme was keenly attended by more than 20 individuals. Congrats to Prof. N. Surendran and Miss.Kokila for their work.

PUBLICATIONS

The Vector Biology group has been publishing good number of papers on sandflies. This is their latest one;

Tharmatha, T., Gajapathy, K., Ramasamy, R. and Surendran, S.N. (2016) 'Morphological and molecular identification of cryptic species in the *Sergentomyia bailyi* (Sinton, 1931) complex in Sri Lanka', *Bulletin of Entomological Research*, , pp. 1–8. doi: 10.1017/S0007485316000626.
